

Need help with homework?

information folder for parents

uilen
spel GROEIEN
DOEN WE SAMEN

What does Uilenspel do?

Uilenspel helps your child with its homework :

- We come once a week at your house.
- Our help is free.

Which children can we help?

- Children in the 3rd kindergarten
- Children in primary school
(1st to 6th grade)

Who helps your child?

Someone who likes to help people.

Someone living in your neighbourhood.

Someone who works as a volunteer.

It is not a teacher.

How do we help?

- We do homework together.
- We make a schedule together :
what tasks does your child complete on which day ?
- We play a game.
- We read or craft.
- ...

We do other things too:

- We go to the park together, to the library ...
You can always join us.
- We can go to parent-teacher meeting with you.
- Do you get letters that you don't understand well?
Show them to the volunteer. He/she can explain them to you.

Is your child going to secondary education ?

- We help you choose a school.
- We help you to register your child.
- We help your child to prepare for the new school : we visit the school together, together we choose the right study program

What do you do?

- Agree on which fixed day and at what time the volunteer comes, every week.
- The mother or father is always home when the volunteer comes.
- Provide a quiet place to work.
- Can't you really be home ? Send a message or call the volunteer. It's important for your child to practice every week. It's a pity when the volunteer can't come.
- The volunteer comes one hour a week. The other days, you help your child with its homework.

Would you like help from Uilenspel?

- Ask for our help at the school of your child : ask info at the bridge figure or care coordinator
(brug-figuur or zorg-coördinator).
- We will look for a volunteer in your neighbourhood.
- We don't know if we'll find someone soon.
